

Pink Kiss

- 1.5oz of earl grey infused vodka
- .75 oz of lemon juice
- .75 oz of honey syrup
- .25 oz of Campari
- 1 oz egg white

Shaken and served over ice in a rocks glass.

It's floral, sweet, but not too sweet, and a touch of bitterness to which it all comes together into a refreshing cocktail that one can enjoy any time of the day. I imagine the perfect setting for enjoying this drink would be over a nice home cooked brunch meal while gazing outside dreaming of normalcy again and waking up your senses.
